The new **Car Incentive Program** adds to the great DXN Compensation Plan.

With some simple steps, you can get some incredible advantages!!

How many companies you know that reward the work of its members helping them to buy a car, a house, a boat or a motorcycle? Or that contribute to the studies of their children or anything else they want?!?

Imagine driving the car of your dreams... How many people will ask you: " How did you buy it?" It will be easy for you to answer "DXN gives me an extra bonus for this. Do you want to know how to have a car like that?" DXN Marketing Plan is one of the best among those of multilevel marketing Companies. If you also want to participate to this great incentive, you just have to follow a simple program.

1. Qualification Criteria

Month	PPV	New direct with Min. 100PPV	PGPV	Car Incentive Euro
1	= > 400	= > 1	= > 1000	-
2	= > 400	= > 1	= > 2000	-
3	= > 400	= > 1	= > 3000	€ 150

Note:

- 1.1 One must complete 3 consecutive month requirement as above to entitle for the car incentive.
- 1.2 Immediately a member has qualified as above, he/she will receive € 150 for that month.
- 1.3 This qualification status continues as long as the qualified member meets the below **Maintenance** Criteria in subsequent months.

2. Mainenance Criteria

PPV	New direct with Min. 100PPV	PGPV	Car Incentive Euro
= > 400	= > 1	= > 1000	PGPV 5% or Maximum € 500

Note:

- 2.1 To continue getting car incentive for 36 months, one must maintain as the Maintenance Criteria above.
- 2.2 The qualified car incentive will be calculated based on PGPV each month x 5%.

Example: 2.500 PGPV x 5% = € 125

However the maximum payout for each month is € 500.

- 2.3 Company will pay the car incentive for 36 consecutive months with conditions (the member must maintained as per the Maintenance Criteria) during the promotion period.
- 2.4 If any of the above 3 criteria does not meet in any month, member will be **disqualified** for the car incentive.
- 2.5 To re-qualify for the car incentive, one has to meet the same Qualification Criteria (repeat the 3 consecutive months as above) for qualification.

3 Promotion Period

- 3.1 36-month period will start from the following month once one has entitled to 1st car incentive.
Eg: in March 2016, member A has entitled to € 150, hence the 36-month period will start counting from April 2016 to March 2019.
- 3.2 The promotion period is set from 1st January 2016 – 31st December 2019. After this period, this Car Incentive Program will end completely. Means there will NOT be any car incentive after the said period even though the member has not reached/completed their 36-month qualification period.
